## IOSH Managing Safely

### Description

Every manager should have an understanding of their responsibilities when it comes to health and safety. This course aims to get managers up-to-speed on the skills they need to tackle health and safety issues in their workplace. It gives them knowledge in how to identify hazards, assess and control risks in their workplace, understand their responsibilities and commitment to health and safety, how to conduct incident investigations, how to measure health and safety performance, and how to protect the environment based on the impact of organizations activities.

### Course Topic

- Introducing Managing safely
- Assessing risks
- Controlling risks
- Understanding your responsibilities
- Identifying hazards
- Investigating accidents and incidents
- Measuring performance
- Protecting our environment

### Course Duration

2 – 4 day training

### Participants

Maximum of 12 participants per training

### Certification

Delegates will be issued a HSEPro certificate of attendance upon successful completion of course and an IOSH certificate in Managing Safely. In association with IHSEC.
