

### **About the course:**

This NEBOSH course is delivered in association with **International HSE Council**.

### **Intended for:**

Aspired managers, supervisors, and workers who wishes to gain high standard skills as well as to become knowledgeable about the key principles of health, safety and environmental management and practices; and, also for any individuals who also has the thrill to navigate some future opportunities in health, safety and environmental career.

### **Course content:**

The syllabus is divided into 3 units:

Unit IGC1: Management of International Health and Safety

Unit GC2: Controlling Workplace Hazards

Unit GC3: Health and Safety Practical Application

### **Course duration and assessment:**

The training will be taken within 10 days. Candidates are assessed by two-hour written examinations (for Units IGC1 & GC2) and a practical examination (for Unit GC3) which will assess their capability to put the learned knowledge into actual practice.
